**Brad A. Watson**  
President

Dear Bohn and Dawson Employees, Customers and Suppliers:

Based on the continuing impact from COVID-19 on the health of our employees, Bohn and Dawson is making the following adjustment to our production schedule. Bohn and Dawson will shut down starting Monday March 30, 2020 through April 13, 2020. Both St. Louis production facilities will be closed with no shipping and receiving available.

Please continue to work with your Bohn and Dawson contact for arrangements on scheduling shipments and deliveries. During the shutdown period, Bohn and Dawson management will be working.

Please direct additional supply/delivery/scheduling questions to your Bohn and Dawson contact. We will keep you posted as our situation develops.

Very truly yours,

A handwritten signature in black ink that reads "Brad A. Watson, President". The signature is written in a cursive, flowing style.
